EVERGREEN MARINE CORPORATION (TAIWAN)
LTD. AND SUBSIDIARIES
CONSOLIDATED FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REVIEW REPORT
MARCH 31, 2022 AND 2021

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and

financial statements shall prevail.

INDEPENDENT AUDITORS' REVIEW REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of Evergreen Marine Corporation (Taiwan) Ltd.

Introduction

We have reviewed the accompanying consolidated balance sheets of Evergreen Marine Corporation (Taiwan) Ltd. and subsidiaries (the "Group") as at March 31, 2022 and 2021, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the three-month periods then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Statement of Auditing Standards No. 65, "Review of Financial Information Performed by the Independent Auditor of the Entity" in the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for qualified conclusion

As explained in Note 6(8), we did not review the financial statements of certain investments accounted for under the equity method, which statements reflect investments accounted for under the equity method of NT\$3,054,919 thousand and NT\$2,868,187 thousand, constituting 0.40% and 0.73% of the consolidated total assets as of March 31, 2022 and 2021, respectively, and comprehensive income and loss under the equity method of NT\$93,291 thousand and NT\$68,058 thousand, constituting 0.08% and 0.16% of the consolidated total comprehensive income and loss for the three-month periods then ended. These amounts and the related information disclosed in Note 13 were based on the unreviewed financial statements of such investee companies.

Qualified conclusion

Based on our reviews and the reports of other independent auditors, except for the possible effects on the consolidated financial statements, if any, as might have been determined to be necessary had the financial statements of certain investments accounted for under the equity method and the related information disclosed in Note 13 been reviewed by independent auditors as explained in the preceding paragraph, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as at March 31, 2022 and 2021, and of its consolidated financial performance and its consolidated cash flows for the three-month periods then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" as endorsed by the Financial Supervisory Commission.

Other matter - Review reports of other independent auditors

We did not review the financial statements of certain consolidated subsidiaries and investments accounted for under the equity method. Those financial statements were reviewed by other independent auditors, whose reports thereon have been furnished to us, and our report expressed herein, insofar as it relates to the amounts included in the financial statements and the information disclosed in Note 13 was based solely on the review reports of other independent auditors. These consolidated subsidiaries reflect total assets of NT\$54,773,216 thousand and NT\$60,027,381 thousand, constituting 7.23% and 15.35% of the consolidated total assets as at March 31, 2022 and 2021, and total operating revenues of NT\$563,197 thousand and NT\$13,562,673 thousand, constituting 0.33% and 15.08% of the consolidated total operating revenues for the three-month periods then ended. The investments accounted for under the equity method amounted to NT\$23,738,086 thousand and NT\$17,986,982 thousand, constituting 3.13% and 4.60% of the consolidated total assets as at March 31, 2022 and 2021, and the comprehensive income and loss under equity method was NT\$2,004,825 thousand and NT\$1,091,841 thousand, constituting 1.74% and 2.60% of the consolidated total comprehensive income and loss for the three-month periods then ended.

Lai, Chung-Hsi Chou, Hsiao-Tzu For and on behalf of PricewaterhouseCoopers, Taiwan May 6, 2022

The accompanying consolidated financial statements are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles generally accepted in countries and jurisdictions other than the Republic of China. The standards, procedures and practices in the Republic of China governing the audit of such financial statements may differ from those generally accepted in countries and jurisdictions other than the Republic of China. Accordingly, the accompanying consolidated financial statements and independent auditors' review report are not intended for use by those who are not informed about the accounting principles or auditing standards generally accepted in the Republic of China, and their applications in practice.

As the financial statements are the responsibility of the management, PricewaterhouseCoopers cannot accept any liability for the use of, or reliance on, the English translation or for any errors or misunderstandings that may derive from the translation.

EVERGREEN MARINE CORPORATION (TAIWAN) LTD. AND SUBSIDIARIES NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Expressed in thousands of New Taiwan Dollars, except as otherwise indicated)

1. HISTORY AND ORGANISATION

Evergreen Marine Corporation (Taiwan) Ltd. (the "Company") was incorporated as a company limited by shares under the provisions of the Company Law of the Republic of China (R.O.C.) on September 25, 1968 and was established in the Republic of China. The Company and its subsidiaries (collectively referred herein as the "Group") are mainly engaged in domestic and international marine transportation, shipping agency services, and the distribution of containers. The Company was approved by the Securities and Futures Bureau (SFB), Financial Supervisory Commission, Executive Yuan, R.O.C. to be a public company on November 2, 1982 and was further approved by the SFB to be a listed company on July 6, 1987. The Company's shares have been publicly traded on the Taiwan Stock Exchange since September 21, 1987.

2. THE DATE OF AUTHORISATION FOR ISSUANCE OF THE CONSOLIDATED FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORISATION

These consolidated financial statements were reported to the Board of Directors on May 6, 2022.

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards ("IFRS") as endorsed by the Financial Supervisory Commission ("FSC")

New standards, interpretations and amendments endorsed by the FSC effective from 2022 are as follows:

| | Effective date by |
|---|--------------------------|
| | International Accounting |
| New Standards, Interpretations and Amendments | Standards Board |
| Amendments to IFRS 3, 'Reference to the conceptual framework' | January 1, 2022 |
| Amendments to IAS 16, 'Property, plant and equipment: | January 1, 2022 |
| proceeds before intended use' | |
| Amendments to IAS 37, 'Onerous contracts— | January 1, 2022 |
| cost of fulfilling a contract' | |
| Annual improvements to IFRS Standards 2018–2020 | January 1, 2022 |
| | |

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

(2) Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group

None.

(3) Effect of IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

| | Effective date by International Accounting |
|--|--|
| New Standards, Interpretations and Amendments | Standards Board |
| Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets | To be determined by |
| between an investor and its associate or joint venture' | International Accounting |
| | Standards Board |
| IFRS 17, 'Insurance contracts' | January 1, 2023 |
| Amendments to IFRS 17, 'Insurance contracts' | January 1, 2023 |
| Amendments to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information' | January 1, 2023 |
| Amendments to IAS 1, 'Classification of liabilities as current or non-current' | January 1, 2023 |
| Amendments to IAS 1, 'Disclosure of accounting policies' | January 1, 2023 |
| Amendments to IAS 8, 'Definition of accounting estimates' | January 1, 2023 |
| Amendments to IAS 12, 'Deferred tax related to assets and liabilities arising from a single transaction' | January 1, 2023 |

Except for the following, the above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

A. Amendments to IAS 8, 'Definition of accounting estimates'

The amendments clarify how an entity should distinguish changes in accounting policies from changes in accounting estimates. The amendments also clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error. In addition, the effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors.

B. Amendments to IAS 12, 'Deferred tax related to assets and liabilities arising from a single transaction'

The amendments require an entity to recognise deferred tax on particular transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences.

4. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Accounting Standard 34, 'Interim Financial Reporting' as endorsed by the FSC.

(2) Basis of preparation

- A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:
 - (a) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
 - (b) Financial assets at fair value through other comprehensive income.
 - (c) Defined benefit liabilities recognised based on the net amount of pension fund assets less present value of defined benefit obligation.
- B. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the FSC (collectively referred herein as the "IFRSs") requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

- A. Basis for preparation of consolidated financial statements:
 - (a) All subsidiaries are included in the Group's consolidated financial statements. Subsidiaries are all entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.
 - (b) Inter-company transactions, balances and unrealised gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
 - (c) Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
 - (d) Changes in a parent's ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary (transactions with non-controlling interests) are accounted for as equity transactions, i.e. transactions with owners in their capacity as owners. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity.
 - (e) When the Group loses control of a subsidiary, the Group remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition of a financial asset or the cost on initial recognition of the associate or joint venture.

Any difference between fair value and carrying amount is recognised in profit or loss. All amounts previously recognised in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group loses control of a subsidiary, all gains or losses previously recognised in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

B. Subsidiaries included in the consolidated financial statements:

| | | | | Ownership (%) | | | | | |
|------------------|--------------------|---|----------------|-------------------|----------------|-------------|--|--|--|
| Name of Investor | Name of Subsidiary | Main business activities | March 31, 2022 | December 31, 2021 | March 31, 2021 | Description | | | |

⁽a) In order to strengthen the Company's operational competitiveness, the Company planned to establish a wholly-owned subsidiary, EMA, in Singapore with an investment amount of USD 50,000 as resolved by the Board of Directors on March 22, 2021, and the capital injection was completed on June 8, 2021. The company is primarily engaged in container shipping.

- (b) On March 31, 2020, the Board of Directors of the Company and the subsidiary, EGH, resolved to establish a subsidiary, EAR, in Argentina. The capital for establishment is ARS 15,000, and the capital injection was completed on May 11, 2021. The subsidiary is primarily engaged in container shipping and agency services dealing with port formalities.
- (c) On June 22, 2020, the Board of Directors of the Company and the subsidiary, EGH, resolved to establish a subsidiary, ESAU, in Arabia. The capital for establishment is SAR 3,000, and the capital injection was completed on August 4, 2021. The subsidiary is primarily engaged in container shipping and agency services dealing with port formalities.
- (d) On June 23, 2021, the Board of Directors of the subsidiary, EGH, resolved to make an equity transaction. EGH acquired 85% and 15% equity interests of UMS from the other related party, Evergreen International S.A., and a non-related party, respectively, and obtained the control over UMS. The transaction date was July 1, 2021 and the transaction amount was USD 300 (approx. \$8,373).
- (e) On April 22, 2021, the Board of Directors of the subsidiary, EMA, resolved to establish a subsidiary, ETR, in Turkey. The capital for establishment is TRY4,000, and 25% of the capital injection has been completed on October 12, 2021. The subsidiary is primarily engaged in container shipping and agency services dealing with port formalities.
- (f) On November 5, 2021, the Board of Directors of the subsidiary, EMA, resolved to make an equity transaction. EMA acquired 100% equity interests of EGJ from the other related party, Evergreen International S.A., and obtained the control over EGJ. The transaction date was January 1, 2022 and the transaction amount was USD 15,534 (approx. \$429,597).
- (g) On March 4, 2022, the Board of Directors of the subsidiary, EMA, resolved to establish a subsidiary, EBPI, in US. The capital for establishment is USD2,000, and the capital injection was completed on March 7, 2022. The subsidiary is primarily engaged in computer system services and terminal logistics.
- (h) This company was included in the consolidated financial statements, given the comprehensive shareholding ratio and the majority voting rights on the Board of Directors held by the Group, resulting in the Group obtaining control over the company.
- C. Subsidiary not included in the consolidated financial statements: None.
- D. Adjustments for subsidiaries with different balance sheet dates: None.
- E. Significant restrictions: None.
- F. Subsidiaries that have non-controlling interests that are material to the Group: As of March 31, 2022, December 31, 2021 and March 31, 2021, the non-controlling interest amounted to \$30,705,945, \$30,537,054 and \$12,049,087, respectively. The information of non-controlling interest and respective subsidiaries is as follows:

| | | | Non-controlling interest | | | | |

(4) Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in New Taiwan Dollars, which is the Company's functional and the Group's presentation currency.

A. Foreign currency transactions and balances

(a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise, except when deferred in other comprehensive income as qualifying cash flow hedges.

- (b) Monetary assets and liabilities denominated in foreign currencies at the period end are retranslated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.
- (c) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.
- (d) All other foreign exchange gains and losses based on the nature of those transactions are presented in the statement of comprehensive income within 'other gains and losses'.

B. Translation of foreign operations

- (a) The operating results and financial position of all the group entities and associates that have a functional currency different from the presentation currency are translated into the presentation currency as follows:
 - i. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;
 - ii. Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and
 - iii. All resulting exchange differences are recognised in other comprehensive income.
- (b) When the foreign operation partially disposed of or sold is an associate, exchange differences that were recorded in other comprehensive income are proportionately reclassified to profit or loss as part of the gain or loss on sale. In addition, even when the Group retains partial interest in the former foreign associate after losing significant influence over the former foreign associate, such transactions should be accounted for as disposal of all interest in these foreign operations.
- (c) When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interest in this foreign operation. In addition, even when the Group retains partial interest in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in the foreign operation.
- (d) Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing exchange rates at the balance sheet date.

(5) Classification of current and non-current items

- A. Assets that meet one of the following criteria are classified as current assets; otherwise they are classified as non-current assets:
 - (a) Assets arising from operating activities that are expected to be realised, or are intended to be sold or consumed within the normal operating cycle;
 - (b) Assets held mainly for trading purposes;
 - (c) Assets that are expected to be realised within twelve months from the balance sheet date;
 - (d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to settle liabilities more than twelve months after the balance sheet date.
- B. Liabilities that meet one of the following criteria are classified as current liabilities; otherwise they are classified as non-current liabilities:
 - (a) Liabilities that are expected to be settled within the normal operating cycle;
 - (b) Liabilities arising mainly from trading activities;
 - (c) Liabilities that are to be settled within twelve months from the balance sheet date;
 - (d) Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

(6) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits with original maturities of three months or less that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

(7) Financial assets at fair value through profit or loss

- A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortised cost or fair value through other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Group measures the financial assets at fair value and recognises the transaction costs in profit or loss. The Group subsequently measures the financial assets at fair value, and recognises the gain or loss in profit or loss.
- D. The Group recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

(8) Financial assets at fair value through other comprehensive income

A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Group has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income and debt instruments

which meet all of the following criteria:

- (a) The objective of the Group's business model is achieved both by collecting contractual cash flows and selling financial assets; and
- (b) The assets' contractual cash flows represent solely payments of principal and interest.
- B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. The Group subsequently measures the financial assets at fair value:
 - (a) The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as other income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.
 - (b) Except for the recognition of impairment loss, interest income and gain or loss on foreign exchange which are recognised in profit or loss, the changes in fair value of debt instruments are taken through other comprehensive income. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss.

(9) Financial assets at amortised cost

- A. Financial assets at amortised cost are those that meet all of the following criteria:
 - (a) The objective of the Group's business model is achieved by collecting contractual cash flows.
 - (b) The assets' contractual cash flows represent solely payments of principal and interest.
- B. On a regular way purchase or sale basis, financial assets at amortised cost are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. Interest income from these financial assets is included in finance income using the effective interest method. A gain or loss is recognised in profit or loss when the asset is derecognised or impaired.
- D. The Group's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(10) Notes, accounts and other receivables

- A. Notes and account receivable entitle the Group a legal right to receive consideration in exchange for transferred goods or rendered services. Receivables arising from transactions other than the sale of goods or service are classified as other receivables.
- B. The short-term notes receivable, accounts receivable and other receivables without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(11) Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income and financial assets at amortised cost including accounts receivable or contract assets that have a significant financing component at each reporting date, the Group recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, the Group recognises the impairment provision for lifetime ECLs.

(12) <u>Derecognition of financial assets</u>

The Group derecognises a financial asset when one of the following conditions is met:

- A. The contractual rights to receive cash flows from the financial asset expire.
- B. The contractual rights to receive cash flows from the financial asset have been transferred and the Group has transferred substantially all risks and rewards of ownership of the financial asset.
- C. The contractual rights to receive cash flows from the financial asset have been transferred; however, the Group has not retained control of the financial asset.

(13) Operating leases (lessor) - operating leases

Lease income from an operating lease (net of any incentives given to the lessee) is recognised in profit or loss on a straight-line basis over the lease term.

(14) Inventories

Inventories refer to fuel inventories and steel inventories. Fuel inventories are physically measured by the crew of each ship and reported back to the Head Office through telegraph for recording purposes at balance sheet date. Valuation of inventories is based on the exchange rate prevailing at balance sheet date.

The perpetual inventory system is adopted for steel inventory recognition. Steel inventories are stated at cost. The cost is determined using the weighted-average method. At the end of period, inventories are evaluated at the lower of cost or net realisable value, and the individual item approach is used in the comparison of cost and net realisable value. The calculation of net realisable value should be based on the estimated selling price in the normal course of business, net of estimated costs of completion and estimated selling expenses.

(15) <u>Investments accounted for using equity method</u> / <u>associates</u>

- A. Associates are all entities over which the Group has significant influence but not control. In general, it is presumed that the investor has significant influence, if an investor holds, directly or indirectly 20 percent or more of the voting power of the investee. Investments in associates are accounted for using the equity method and are initially recognised at cost.
- B. The Group's share of its associates' post-acquisition profits or losses is recognised in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised

- in other comprehensive income. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.
- C. When changes in an associate's equity that are not recognised in profit or loss or other comprehensive income of the associate and such changes not affecting the Group's ownership percentage of the associate, the Group recognises the Group's share of change in equity of the associate in 'capital surplus' in proportion to its ownership.
- D. Unrealised gains and loss on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
- E. In the case that an associate issues new shares and the Group does not subscribe or acquire new shares proportionately, which results in a change in the Group's ownership percentage of the associate but maintains significant influence on the associate, then 'capital surplus' and 'investments accounted for using equity method' shall be adjusted for the increase or decrease of its share of equity interest. If the above condition causes a decrease in the Group's ownership percentage of the associate, in addition to the above adjustment, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately on the same basis as would be required if the relevant assets or liabilities were disposed of.
- F. Upon loss of significant influence over an associate, the Group remeasures any investment retained in the former associate at its fair value. Any difference between fair value and carrying amount is recognised in profit or loss.
- G. When the Group disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate, are reclassified to profit or loss, on the same basis as would be required if the relevant assets or liabilities were disposed of. If it retains significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately in accordance with the aforementioned approach.
- H. When the Group disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognised as capital surplus in relation to the associate are transferred to profit or loss. If it still retains significant influence over this associate, then the amounts previously recognised as capital surplus in relation to the associate are transferred to profit or loss proportionately.

(16) Property, plant and equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalised.
- B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.
- D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change. The estimated useful lives of property, plant and equipment are as follows:

| $3 \sim 135 \text{ years}$ |
|----------------------------|
| $3 \sim 20 \text{ years}$ |
| 18 ~ 25 years |
| 2.5 ~ 5 years |
| 10 years |
| $6 \sim 10 \text{ years}$ |
| $2 \sim 25$ years |
| |

The above docking repair and scrubber pertain to the significant components of ships.

(17) Leasing arrangements (lessee) — right-of-use assets/ lease liabilities

- A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Group. For short-term leases or leases of low-value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.
- B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate.

Lease payments are comprised of the following:

- (a) Fixed payments, less any lease incentives receivable;
- (b) Variable lease payments that depend on an index or a rate; and

(c) The exercise price of a purchase option, if the lessee is reasonably certain to exercise that option.

The Group subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

- C. At the commencement date, the right-of-use asset is stated at cost comprising the following:
 - (a) The amount of the initial measurement of lease liability;
 - (b) Any lease payments made at or before the commencement date;
 - (c) Any initial direct costs incurred by the lessee; and
 - (d) An estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term. When the lease liability is remeasured, the amount of remeasurement is recognised as an adjustment to the right-of-use asset.

D. For lease modifications that decrease the scope of the lease, the lessee shall decrease the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognise the difference between remeasured lease liability in profit or loss.

(18) <u>Investment property</u>

An investment property is stated initially at its cost and measured subsequently using the cost model. Except for land, investment property is depreciated on a straight-line basis over its estimated useful life of $20 \sim 55$ years.

(19) Intangible assets

A. Computer software

Computer software is stated at cost and amortised on a straight-line basis over its estimated useful life of $2 \sim 5$ years.

B. Goodwill

Goodwill arises in a business combination accounted for by applying the acquisition method.

C. Customer relationship

Customer relationship arises from the business combination is measured initially at their fair values at the acquisition date. Customer relationship has a finite useful life and are amortised on a straight-line basis over their estimated useful lives of $2 \sim 10$ years.

(20) Impairment of non-financial assets

- A. The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. Except for goodwill, when the circumstances or reasons for recognising impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortised historical cost would have been if the impairment had not been recognised.
- B. The recoverable amounts of goodwill are evaluated periodically. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment loss of goodwill previously recognised in profit or loss shall not be reversed in the following years.

(21) Borrowings

- A. Borrowings comprise long-term and short-term bank borrowings and other long-term and short-term loans. Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.
- B. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

(22) Accounts payable

- A. Accounts payable are liabilities for purchases of raw materials, goods or services.
- B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(23) Financial liabilities at fair value through profit or loss

- A. Financial liabilities are classified in this category of held for trading if acquired principally for the purpose of repurchasing in the short-term. Derivatives are also categorised as financial liabilities held for trading unless they are designated as hedges or financial liabilities at fair value through profit or loss. Financial liabilities that meet one of the following criteria are designated as at fair value through profit or loss at initial recognition:
 - (a) Hybrid (combined) contracts; or
 - (b) They eliminate or significantly reduce a measurement or recognition inconsistency; or
 - (c) They are managed and their performance is evaluated on a fair value basis, in accordance with a documented risk management policy.

B. At initial recognition, the Group measures the financial liabilities at fair value. All related transaction costs are recognised in profit or loss. The Group subsequently measures these financial liabilities at fair value with any gain or loss recognised in profit or loss.

(24) Bonds payable

Ordinary corporate bonds issued by the Group are initially recognised at fair value less transaction costs. Any difference between the proceeds (net of transaction costs) and the redemption value is presented as an addition to or deduction from bonds payable, which is amortised to profit or loss over the period of bond circulation using the effective interest method as an adjustment to 'finance costs'.

(25) Convertible bonds payable (Compound financial instruments)

Convertible bonds issued by the Group contain conversion options (that is, the bondholders have the right to convert the bonds into the Group's common shares by exchanging a fixed amount of cash for a fixed number of common shares), call options and put options. The Group classifies the bonds payable upon issuance as a financial asset, a financial liability or an equity instrument in accordance with the contract terms. They are accounted for as follows:

- A. The embedded call options and put options are recognised initially at net fair value as 'financial assets or financial liabilities at fair value through profit or loss'. They are subsequently remeasured and stated at fair value on each balance sheet date; the gain or loss is recognised as 'gain or loss on valuation of financial assets or financial liabilities at fair value through profit or loss'.
- B. The host contracts of bonds are initially recognised at fair value. Any difference between the initial recognition and the redemption value is accounted for as the premium or discount on bonds payable and subsequently is amortised in profit or loss as an adjustment to 'finance costs' over the period of circulation using the effective interest method.
- C. The embedded conversion options which meet the definition of an equity instrument are initially recognised in 'capital surplus—share options' at the residual amount of total issue price less the amount of financial assets or financial liabilities at fair value through profit or loss and bonds payable as stated above. Conversion options are not subsequently remeasured.
- D. Any transaction costs directly attributable to the issuance are allocated to each liability or equity component in proportion to the initial carrying amount of each abovementioned item.
- E. When bondholders exercise conversion options, the liability component of the bonds (including bonds payable and 'financial assets or financial liabilities at fair value through profit or loss') shall be remeasured on the conversion date. The issuance cost of converted common shares is the total book value of the abovementioned liability component and 'capital surplus—share options'.

(26) <u>Derecognition of financial liabilities</u>

A financial liability is derecognised when the obligation specified in the contract is either discharged or cancelled or expires.

(27) Offsetting financial instruments

Financial assets and liabilities are offset and reported in the net amount in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(28) Hedge accounting

- A. At the inception of the hedging relationship, there is formal designation and documentation of the hedging relationship and the Group's risk management objective and strategy for undertaking the hedge. That documentation shall include identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the Group will assess whether the hedging relationship meets the hedge effectiveness requirements.
- B. The Group designates the hedging relationship as follows:

Cash flow hedge:

A hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction.

C. Cash flow hedges

- (a) The cash flow hedge reserve associated with the hedged item is adjusted to the lower of the following (in absolute amounts):
 - i. the cumulative gain or loss on the hedging instrument from inception of the hedge; and
 - ii. the cumulative change in fair value of the hedged item from inception of the hedge.
- (b) The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income. The gain or loss on the hedging instrument relating to the ineffective portion is recognised in profit or loss.
- (c) The amount that has been accumulated in the cash flow hedge reserve in accordance with (a) is accounted for as follows:
 - i. If a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability, or a hedged forecast transaction for a non-financial asset or non-financial liability becomes a firm commitment for which fair value hedge accounting is applied, the Group shall remove that amount from the cash flow hedge reserve and include it directly in the initial cost or other carrying amount of the asset or liability.
 - ii. For cash flow hedges other than those covered by item i. above, that amount shall be reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment in the same period or periods during which the hedged expected future cash flows affect profit or loss.
 - iii. If that amount is a loss and the Group expects that all or a portion of that loss will not be recovered in one or more future periods, it shall immediately reclassify the amount that is not expected to be recovered into profit or loss as a reclassification adjustment.
- (d) When the hedging instrument expires, or is sold, terminated, exercised or when the hedging relationship ceases to meet the qualifying criteria, if the forecast transaction is still expected

to occur, the amount that has been accumulated in the cash flow hedge reserve shall remain in the cash flow hedge reserve until the forecast transaction occurs; if the forecast transaction is no longer expected to occur, the amount shall be immediately reclassified from the cash flow hedge reserve to profit or loss as a reclassification adjustment.

(29) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expense in that period when the employees render service.

B. Pensions

(a) Defined contribution plans

For defined contribution plans, the contributions are recognised as pension expense when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refund or a reduction in the future payments.

(b) Defined benefit plans

- i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with the Group in current period or prior periods. The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in high-quality corporate bonds, the Group uses interest rates of government bonds (at the balance sheet date) instead.
- ii. Remeasurements arising on defined benefit plans are recognised in other comprehensive income in the period in which they arise and are recorded as retained earnings.
- iii. Past service costs are recognised immediately in profit or loss.
- iv. Pension cost for the interim period is calculated on a year-to-date basis by using the pension cost rate derived from the actuarial valuation at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events. Also, the related information is disclosed accordingly.

C. Termination benefits

Termination benefits are employee benefits provided in exchange for the termination of employment as a result from either the Group's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept an offer of redundancy benefits in exchange for the termination of employment. The Group recognises expense as it can no longer withdraw an offer of termination benefits or it recognises relating restructuring costs, whichever is earlier. Benefits that are expected to be due more than 12 months after balance sheet date shall be discounted to their present value.

D. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognised as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates. If employee compensation is paid by shares, the Group calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

(30) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.
- C. Deferred income tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

- D. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. At each balance sheet date, unrecognised and recognised deferred income tax assets are reassessed.
- E. Current income tax assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. Deferred income tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realise the asset and settle the liability simultaneously.
- F. A deferred tax asset shall be recognised for the carryforward of unused tax credits resulting from equity investments to the extent that it is possible that future taxable profit will be available against which the unused tax credits can be utilised.
- G. The interim period income tax expense is recognised based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.
- H. If a change in tax rate is enacted or substantively enacted in an interim period, the Group recognises the effect of the change immediately in the interim period in which the change occurs. The effect of the change on items recognised outside profit or loss is recognised in other comprehensive income or equity while the effect of the change on items recognised in profit or loss is recognised in profit or loss.

(31) <u>Dividends</u>

Dividends are recorded in the Company's financial statements in the period in which they are resolved by the Company's shareholders. Cash dividends are recorded as liabilities; stock dividends are recorded as stock dividends to be distributed and are reclassified to ordinary shares on the effective date of new shares issuance.

(32) Revenue recognition

A. Sales of services

Revenue from delivering services is recognised under the percentage-of-completion method when the outcome of services provided can be estimated reliably. The stage of completion of a service contract is measured by the percentage of the actual services performed as of the financial reporting date to the total services to be performed. If the outcome of a service contract cannot be estimated reliably, contract revenue should be recognised only to the extent that contract costs incurred are likely to be recoverable. The customer pays at the time specified in the payment schedule. If the services rendered exceed the payment, a contract asset is recognised. If the payments exceed the services rendered, a contract liability is recognised.

B. Rental revenue

The Group leases ships and shipping spaces under IFRS 16, 'Leases'. Lease assets are classified as finance leases or operating leases based on the transferred proportion of the risks and rewards incidental to ownership of the leased asset, and recognised in revenue over the lease term.

(33) Government grants

Government grants are recognised at their fair value only when there is reasonable assurance that the Group will comply with any conditions attached to the grants and the grants will be received. Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises expenses for the related costs for which the grants are intended to compensate.

(34) Business combinations

- A. The Group uses the acquisition method to account for business combinations. The consideration transferred for an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed and equity instruments issued at the acquisition date, plus the fair value of any assets and liabilities resulting from a contingent consideration arrangement. All acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. For each business combination, the Group measures at the acquisition date components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to the proportionate share of the entity's net assets in the event of liquidation at either fair value or the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other non-controlling interests should be measured at the acquisition-date fair value.
- B. The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree over the fair value of the identifiable assets acquired and the liabilities assumed is recorded as goodwill at the acquisition date. If the total of consideration transferred, non-controlling interest in the acquiree recognised and the fair value of previously held equity interest in the acquiree is less than the fair value of the identifiable assets acquired and the liabilities assumed, the difference is recognised directly in profit or loss on the acquisition date.

(35) Operating segments

The Group's operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker. The Chief Operating Decision-Maker is responsible for allocating resources and assessing performance of the operating segments.

5. <u>CRITICAL ACCOUNTING JUDGEMENTS</u>, <u>ESTIMATES AND KEY SOURCES OF</u> ASSUMPTION UNCERTAINTY

The preparation of these consolidated financial statements requires management to make critical judgements in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

(1) Critical judgements in applying the Group's accounting policies

Lease term

In determining the lease term, the Group takes into consideration all facts and circumstances that create an economic incentive to exercise an extension option or not to exercise a termination option, including the expected changes of all fact and situation for the period from the commencement date of lease to the execution date of options. Also, the Group took into consideration the main factors, such as the contract terms and conditions during the option covered period and the importance to lessee's operation if the significant lease improvement and underlying assets incurred during the contract terms. When significant events or significant changes occur within the Group's control, the lease term will be re-estimated.

(2) Critical accounting estimates and assumptions

Revenue recognition

The Group primarily engages in global container shipping service covering ocean-going and near-sea shipping line. Despite the Group conducting business worldwide, its transactions are all in small amounts, whereas the freight rate is subject to fluctuation caused by cargo loading rate as well as market competition. Worldwide shipping agencies use a system to record the transactions by entering data including shipping departure, destination, counterparty, transit time, shipping amounts, and freight price for the Group. Therefore, the Group could recognise freight revenue in accordance with the data on bill of lading reports generated from the system, accompanied by estimation made from past experience and current cargo loading conditions the revenue that would flow in. Since ocean-going shipping often lasts for several days, voyages are sometimes completed after the balance sheet date. Also, demands for freight are consistently sent by forwarders during voyage. Due to the factors mentioned above, freight revenue is recognised under the percentage-of-completion method for each vessel during the reporting period. As the estimation of freight revenue are subject to management's judgement, therefore freight revenue involves high uncertainty. Given the conditions mentioned above, this may result in adjustments to the estimation amounts.

6. DETAILS OF SIGNIFICANT ACCOUNTS

(1) Cash and cash equivalents

| | March 31, 2022 | | _I | December 31, 2021 | March 31, 2021 | |
|-----------------------------|----------------|-------------|----|-------------------|----------------|------------|
| Cash on hand and petty cash | \$ | 59,809 | \$ | 28,314 | \$ | 17,660 |
| Checking accounts and | | | | | | |
| demand deposits | | 44,486,933 | | 27,512,861 | | 15,465,114 |
| Time deposits | | 170,317,656 | | 80,251,221 | | 47,234,075 |
| | \$ | 214,864,398 | \$ | 107,792,396 | \$ | 62,716,849 |

- A. The Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.
- B. The Group has no cash and cash equivalents pledged to others.
- (2) Financial assets at fair value through other comprehensive income

| Items | Ma | rch 31, 2022 | Decei | mber 31, 2021 | Ma | rch 31, 2021 |
|----------------------|----|--------------|-------|---------------|----|--------------|
| Non-current items: | | | | | | |
| Equity instruments | | | | | | |
| Listed (TSE) stocks | \$ | 490,801 | \$ | 490,801 | \$ | 490,801 |
| Unlisted stocks | | 203,036 | | 199,744 | | 203,067 |
| | | 693,837 | | 690,545 | | 693,868 |
| Valuation adjustment | | 1,570,883 | | 1,432,836 | | 1,091,384 |
| | \$ | 2,264,720 | \$ | 2,123,381 | \$ | 1,785,252 |

- A. The Group has elected to classify these investments that are considered to be strategic investments as financial assets at fair value through other comprehensive income. The fair value of such investments amounted to \$2,264,720, \$2,123,381 and \$1,785,252 as at March 31, 2022, December 31, 2021 and March 31, 2021, respectively.
- B. Amounts recognised in profit or loss and other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed below:

| | Three-mo | onth period ended | Three-m | onth period ended | |
|----------------------------------|----------|-------------------|----------------|-------------------|--|
| | Ma | rch 31, 2022 | March 31, 2021 | | |
| Equity instruments at fair value | | | | | |
| through other comprehensive | | | | | |
| <u>income</u> | | | | | |
| Fair value change recognised in | | | | | |
| other comprehensive income | \$ | 125,913 | \$ | 121,462 | |
| Income tax recognised in other | | | | | |
| comprehensive income (loss) | \$ | 15,504 | (\$ | 3,399) | |
| Dividend income recognised in | | | | | |
| profit or loss - Held at end of | | | | | |
| period | \$ | 26,518 | \$ | 21,274 | |

C. Information relating to fair value of financial assets at fair value through other comprehensive income is provided in Note 12(3).

(3) Financial assets at amortised cost

| Items | March 31, 2022 | | December 31, 2021 | | March 31, 2021 | |
|-------------------------|----------------|-------------|-------------------|------------|----------------|------------|
| Current items: | | | | | | |
| Time deposits exceeding | \$ | 100,402,803 | \$ | 90,974,717 | \$ | 16,321,545 |
| 3 months | | | | | | |
| Restricted reserve | | | | | | |
| account | | 2,473,459 | | 2,195,962 | | 2 |
| Financial bonds | | 50,000 | | 50,000 | | - |
| Pledged time deposits | | 9,001 | | 9,000 | | |
| | \$ | 102,935,263 | \$ | 93,229,679 | \$ | 16,321,547 |
| Non-current items: | | | | | | |
| Financial bonds | \$ | 50,000 | \$ | 50,000 | \$ | 100,000 |
| Pledged time deposits | | 284,146 | | 264,791 | | 255,976 |
| Time deposits exceeding | | | | | | |
| 1 year | | 238,907 | | 72,728 | | |
| | \$ | 573,053 | \$ | 387,519 | \$ | 355,976 |

A. Amounts recognised in profit or loss in relation to financial assets at amortised cost are listed below:

| | -month period ended March 31, 2022 | Three-month period ended March 31, 2021 | | | |
|-----------------|---------------------------------------|---|--------|--|--|
| Interest income | \$ 113,610 | \$ | 18,686 | | |

- B. As at March 31, 2022, December 31, 2021 and March 31, 2021, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the financial assets at amortised cost held by the Group was \$103,508,316, \$93,617,198 and \$16,677,523 respectively.
- C. Details of the Group's financial assets at amortised cost pledged to others as collateral are provided in Note 8.
- D. Information relating to credit risk of financial assets at amortised cost is provided in Note 12(2). The counterparties of the Group's investments in certificates of deposits are financial institutions with high credit quality, so the Group expects that the probability of counterparty default is remote.
- E. The aforementioned restricted reserve account pertains to a bank account that was opened for specific purposes.

(4) Hedging financial assets

To hedge the impact of expected variable exchange rate risk arising from US dollar denominated equipment payable, the Company designated US dollar denominated restricted time deposits as the hedging instruments for hedging the highly probable foreign exchange variation of future US dollar denominated equipment payable and adopted cash flow hedge accounting. Moreover, the effective

portion with respect to the changes in the hedging instruments caused by exchange rate risk is deferred to recognise in gains (loss) on hedging instruments, which is under other equity interest, and will be reclassified to the acquisition of property, plant and equipment when the hedged items are occurred. Details of relevant transactions are as follows:

March 31, 2022

| | Designated as | | | | |
|---|--|---------------------|---------------------|-----|------------------|
| Hedged items | hedging instruments | Co | ontract period | | Book value |

- C. As of March 31, 2022, there were no ineffective portion to be recognised in profit or loss for the unwritten-off cash flow hedge transactions.
- D. The above restricted time deposits designated as hedges pertain to an account that was used exclusively for specific purposes.

(5) Notes and accounts receivable

| | N | March 31, 2022 | De | cember 31, 2021 | N | March 31, 2021 |
|---|----|----------------|----|-----------------|----|----------------|
| Notes receivable Less: Allowance for bad | \$ | 340,106 | \$ | 357,461 | \$ | 147,023 |
| debts | | | | | | |
| | \$ | 340,106 | \$ | 357,461 | \$ | 147,023 |
| Accounts receivable (including related parties) Less: Allowance for bad | \$ | 50,622,552 | \$ | 41,184,892 | \$ | 29,080,513 |
| debts | (| 3,302) | (| 4,494) | (| 7,696) |
| | \$ | 50,619,250 | \$ | 41,180,398 | \$ | 29,072,817 |

A. The ageing analysis of accounts receivable and notes receivable are as follows:

| 8 8 1 | | | | | | | |
|----------------|--|------|-------------------------|------------------|------------------|------------|--|
| | March 3 | .022 | December 31, 2021 | | | | |
| | Accounts Notes receivable receivable | | Accounts receivable | | Notes receivable | | |
| Not past due | \$ 42,241,589 | \$ | 334,831 | \$ 29,159,450 | \$ | 302,205 | |
| Up to 30 days | 7,268,749 | | 5,275 | 10,942,351 | | 55,256 | |
| 31 to 180 days | 1,112,214 | | <u>-</u> | 1,083,091 | | _ | |
| | \$ 50,622,552 | \$ | 340,106 | \$ 41,184,892 | \$ | 357,461 | |
| | | | | March 3 | 31, 2 | 2021 | |
| | | | | Accounts | | Notes | |
| | | | | receivable | | receivable | |
| Not past due | | | | \$ 24,632,897 | \$ | 147,023 | |
| Up to 30 days | | | | 4,306,658 | | - | |
| 31 to 180 days | | | | 140,958 | | _ | |
| | | | | \$ 29,080,513 | \$ | 147,023 | |

The above ageing analysis was based on past due date.

- B. As of March 31, 2022, December 31, 2021, March 31, 2021 and January 1, 2021, the balances of notes and accounts receivables (including related parties) from contracts with customers amounted to \$50,959,356, \$41,537,859, \$29,219,840 and \$29,918,623, respectively.
- C. The Group has no notes and accounts receivable held by the Group pledged to others.
- D. As at March 31, 2022, December 31, 2021 and March 31, 2021, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the Group's notes receivable were \$340,106, \$357,461 and \$147,023, respectively; and the amount that best represents the Group's accounts receivable were \$50,619,250, \$41,180,398 and \$29,072,817, respectively.
- E. Information relating to credit risk of notes receivable and accounts receivable is provided in Note 12(2).

| | M | arch 31, 2022 | Dece | mber 31, 2021 | | March 31, 2021 | | |
| Shipowner's accounts | \$ | 7,319 | \$ | 6,679 | \$ | 486,225 | | |
| Agency accounts | | 2,359,105 | | 3,411,873 | | 2,771,280 | | |
| Temporary debits | - | 1,316,692 | | 836,417 | _ | 885,583 | | |
| | \$ | 3,683,116 | \$ | 4,254,969 | \$ | 4,143,088 | | |

A. Shipowner's accounts:

Temporary accounts, between Evergreen Line, constituted by the Group, Evergreen International S.A., Italia Marittima S.p.A., and Evergreen Marine (Singapore) Pte. Ltd., and Gaining Enterprise S.A. incurred due to foreign port formalities and pier rental expenses.

B. Agency accounts:

The Group entered into agency agreements with its related parties, whereby the related parties act as the Group's agents to deal with domestic and foreign port formalities, such as arrival and departure of the Group's ships, cargo stevedoring and forwarding, freight collection, and payment of expenses incurred in domestic and foreign ports.

C. Temporary debits:

Temporary debits are mainly subject to the account of settlements between other carriers and the OCEAN Alliance, which Evergreen Line formed in response to market competition and enhancement of global transportation network to provide better logistics services to customers with Cosco Container Lines Co., Ltd., CMA CGM, Ltd., and the Orient Overseas Container Line, Ltd. on March 31, 2017 for trading of shipping space.

(8) Investments accounted for using equity method

A. Details of long-term equity investments accounted for using equity method are set forth below:

| | March 31, 2022 | | December 31, 2021 | | March 31, 2021 |
|--------------------------------|--------------------|---|-------------------|----|----------------|
| Evergreen International | \$ 11,405,798 | 9 | 10,956,117 | \$ | 9,547,468 |

| Dividends received from associates | \$ | | \$ | |

(c) The carrying amount of the Group's interests in all individually immaterial associates and the Group's share of the operating results are summarised below:

As of March 31, 2022, December 31, 2021 and March 31, 2021, the carrying amount of the Group's individually immaterial associates amounted to \$14,646,828, \$12,650,281 and \$10,467,220, respectively.

| | Three-n | nonth period ended | Thr | ee-month period ended |
|----------------------------|---------|--------------------|-----|-----------------------|
| | M | arch 31, 2022 | | March 31, 2021 |
| Profit for the period | \$ | 4,123,434 | \$ | 2,845,274 |
| Other comprehensive loss, | | | | |
| net of tax | (| 140,909) | (| 353,420) |
| Total comprehensive income | \$ | 3,982,525 | \$ | 2,491,854 |

- C. Above stated certain investments accounted for using equity method are based on the financial statements of associates which were audited by independent auditors.
- D. Above stated certain investments accounted for using equity method are based on the financial statements of associates which were based on the unreviewed financial statements of such investee companies.
- E. The fair value of the Group's associates which have quoted market price was as follows:

| | N | March 31, 2022 | Dec | ember 31, 2021 | M | larch 31, 2021 |
|--------------------------------|----|----------------|-----|----------------|----|----------------|
| Evergreen International | \$ | 15,892,542 | \$ | 12,619,281 | \$ | 7,967,805 |
| Storage and Transport | | | | | | |
| Corporation | | | | | | |
| EVA Airways Corporation | | 25,043,451 | | 21,704,324 | | 12,191,695 |
| | \$ | 40,935,993 | \$ | 34,323,605 | \$ | 20,159,500 |

- F. The Company's share interest in EVA Airways Corporation decreased to 15.11% as of December 31, 2021 due to the conversions from corporate bonds to stocks during the year ended December 31, 2021.
- G. The Company is the single largest shareholder of EITC with a 40.36% equity interest. Given that the main source of economic profits of EITC is generated from Evergreen Line, the percentage of operating volume of the Group in Evergreen Line is equivalent to other related parties' and there is no agreement between other related parties and the Company to make decisions in consultation or collectively; however, in order to maintain the equity balance between the Group and other related parties, the Company governs EITC with other related parties to maintain mutual and other shareholders' best interests; apart from independent directors, the number of seats held by the Company on the Board are the same as other related parties', which indicates that the Group has no current ability to direct the relevant activities of EITC, thus, the Group has no control, but only has significant influence, over the investee.
- H. The Company is the single largest shareholder of EVA with a 15.11% equity interest. Given that the other top ten large shareholders (including other related parties and non-related parties) hold more shares than the Company, and there is no agreement between the shareholders to make decisions in consultation or collectively as they make decisions independently, which indicates that the Company has no current ability to direct the relevant decisions of EVA, thus, the Company has no control, but only has significant influence, over the investee.
- I. The Company is the single largest shareholder of TPCT with a 27.85% equity interest. Given that the other two large shareholders (non-related parties) also operate transportation business and hold more shares than the Company, and there is no agreement between the shareholders to make decisions in consultation or collectively as they make decisions independently, which indicates that the Company has no current ability to direct the relevant decisions of TPCT, thus, the Company has no control, but only has significant influence, over the investee.

A. The Group has issued a negative pledge to granting banks for drawing borrowings within the credit line to purchase the above transportation equipment.

B. Information about the property, plant and equipment that were pledged to others as collaterals is provided in Note 8.

(10) Leasing arrangements—lessee/ Financial liabilities for hedging

- A. The Group leases various assets including land, buildings, loading and unloading equipment, transportation equipment, ships, and business vehicles. Rental contracts are typically made for periods of 1 to 90 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. Short-term leases with a lease term of 12 months or less comprise of buildings and ships. Low-value assets comprise of office equipment and other equipment.
- C. The carrying amount of right-of-use assets and the depreciation charge are as follows:

| | March 31, 2022 | | | ecember 31, 2021 | March 31, 2021 | | | |
|--------------------------|----------------|-----------------|----|------------------|----------------|-----------------|--|--|

- D. For the three-month periods ended March 31, 2022 and 2021, the additions to right-of-use assets were \$8,924,245 and \$12,460,863, respectively.
- E. For the three-month periods ended March 31, 2022 and 2021, the disposals to right-of-use assets were \$342 and \$263, respectively.

F. The information on income and expense accounts relating to lease contracts is as follows:

| | Thr | ee-month period ended March 31, 2022 | Thr | ree-month period ended March 31, 2021 |
|---------------------------------------|-----|---|-----|--|
| Items affecting profit or loss | | · | | · |
| Interest expense on lease liabilities | \$ | 528,981 | \$ | 586,806 |
| Expense on short-term lease contracts | | 4,103,542 | | 1,093,848 |
| Expense on leases of low-value assets | | 6,974 | | 4,323 |
| Expense on variable lease payments | | 52 | | 20 |
| Gains (loss) arising from lease | | | | |
| modifications | | 17 | (| 559) |

- G. For the three-month periods ended March 31, 2022 and 2021, the Group's total cash outflow for leases amounted to \$7,977,128 and \$4,581,524, respectively.
- H. As of March 31, 2022, the Group had entered into lease agreements that contained non-lease service component. Based on the fair value of the lease and non-lease component, the future commitment payment allocated to service component amounted to \$31,941,595.
- I. For the three-month periods ended March 31, 2022 and 2021, the Group has applied the practical expedient to "Covid-19-related rent concessions", and recognised the gain from changes in lease payments arising from the rent concessions amounting to \$287 and \$354, respectively, by decreasing rent expense by \$287 and \$222, respectively, and increasing other income by \$0 and \$132, respectively.
- J. To hedge the impact of expected variable exchange rate risk arising from US dollar denominated lease liabilities payable, the Company designated lease liabilities of US dollar denominated lease contracts as the hedging instruments for hedging the highly probable foreign exchange variation of future US dollar denominated marine freight income and adopted cash flow hedge accounting. Moreover, the effective portion with respect to the changes in the hedging instruments caused by exchange rate risk is deferred to recognise in gains (loss) on hedging instruments, which is under other equity interest, and will be reclassified to the marine freight income when the hedged items are occurred. Details of relevant transactions are as follows:

| | | March 31, 2022 | |
|--|---|--------------------|---------------|
| Hedged items | Designated as hedging instruments | Contract period | Book value |
| Expected US dollar denominated marine freight income transaction | US dollar denominated lease liabilities | 2019.1.1~2034.8.15 | \$ 11,612,855 |

- A. On April 25, 2017, the Company issued its thirteenth domestic registered secured corporate bonds (referred herein as the "Thirteenth Bonds"), totaling \$8,000,000. The Thirteenth Bonds are categorized into Bond A, B, C, D, E, F and G, depending on the guarantee institution. Bond A totals \$2,000,000, and the rest total \$6,000,000, with each par value of \$1,000,000. The major terms of the issuance are set forth below:
 - (a) Period: 5 years (April 25, 2017 to April 25, 2022)
 - (b) Coupon rate: 1.05% fixed per annum
 - (c) Principal repayment and interest payment

Repayments for the Thirteenth Bonds are paid annually on coupon rate, starting a year from the issuing date. For each category of the bonds mentioned above, half the principal must be paid at the end of the fourth year, and another half at the maturity date.

(d) Collaterals

The Thirteenth Bonds are secured. Bond A is guaranteed by Hua Nan Bank, Bond B is guaranteed by First Bank, Bond C is guaranteed by Mega International Commercial Bank, Bond D is guaranteed by Land Bank of Taiwan, Bond E is guaranteed by Chang Hwa Bank, Bond F is guaranteed by Taiwan Cooperative Bank, and Bond G is guaranteed by Bank SinoPac.

- B. On June 27, 2018, the Company issued its fourteenth domestic registered secured corporate bonds (referred herein as the "Fourteenth Bonds"), totaling \$2,000,000 at face value. The major terms of the issuance are set forth below:
 - (a) Period: 5 years (June 27, 2018 to June 27, 2023)
 - (b) Coupon rate: 0.86% fixed per annum
 - (c) Principal repayment and interest payment
 Repayments for the Fourteenth Bonds are paid annually at coupon rate, starting a year from
 the issuing date. The principal of the Fourteenth Bonds shall be repaid in lump sum at maturity.
 - (d) Collaterals

The Fourteenth Bonds are secured and are guaranteed by First Commercial Bank.

- C. On September 29, 2020, the Company issued the first unsecured overseas convertible bonds (the "First Overseas Convertible Bonds"), totaling USD300,000 at the face value. The major terms of the issuance are set forth below:
 - (a) Period: 5 years (September 29, 2020 to September 29, 2025)
 - (b) Coupon rate: 0% fixed per annum
 - (c) Principal repayment:

Except for the First Overseas Convertible Bonds previously redeemed, repurchased and retired by the Company, or converted by the bondholders of the First Overseas Convertible Bonds (the "bondholders"), the Company will redeem the First Overseas Convertible Bonds in USD on the maturity date at the price of the face value plus 0.0% gross yield per annum of the face value, calculated semi-annually.

(d) Conversion period:

Except for the First Overseas Convertible Bonds previously redeemed or repurchased, or the stop transfer period as specified in the terms of the bond indenture for the First Overseas Convertible Bonds (the "bond indenture") or the laws/regulations, the bondholders have the right to ask for the conversion of the First Overseas Convertible Bonds into the common stocks newly issued by the Company during the period from the date after 90 days of the issuance of the First Overseas Convertible Bonds to (1) 10 days before the maturity date, or (2) 5 business days before the date on which the bondholders exercise the put options or the Company exercise the early redemption (excluding the maturity date).

(e) Conversion price:

The conversion price of the First Overseas Convertible Bonds is NT\$18.20 (in dollars), 115.19% of the reference price. The reference price refers to the closing price of the Company's common stocks on the Taiwan Stock Exchange on the pricing date, which was NT\$15.80 (in dollars), translated using the exchange rate of US\$1 to NT\$28.991.

(f) Put options:

The bondholders have no right to require the Company to redeem the First Overseas Convertible Bonds, in whole or in part, unless the following events occur:

- i. Except for the First Overseas Convertible Bonds previously redeemed, repurchased and retired, or converted, the bondholders have the right to require the Company to redeem the First Overseas Convertible Bonds, in whole or in part, on the date three years after the issuance at the price of the face value plus 0.0% per annum of the face value (calculated semi-annually) as the interests (the "early redemption amount").
- ii. The bondholders have the right to require the Company to redeem the First Overseas Convertible Bonds, in whole or in part, at the early redemption amount if the Company's common stocks are unlisted from the Taiwan Stock Exchange or ceased trading over 30 consecutive business days.
- iii. The bondholders have the right to require the Company to redeem the First Overseas Convertible Bonds, in whole or in part, at the early redemption amount if any changes occur to the Company's controlling power as defined in the bond indenture.

The exercise of the aforementioned put options by the bondholders and the acceptance of the bondholders' requests by the Company shall be conducted in accordance with the procedures as specified in the bond indenture. The Company will redeem the First Overseas Convertible Bonds in cash on the payment date as specified in the bond indenture.

The early redemption amount is first translated into NTD using the fixed exchange rate, and it was then translated from NTD to USD using the exchange rate on the day for repayment (by reference to the fixing rate which was 1:28.991 at 11 a.m. quoted by Taipei Forex Inc.).

(g) Redemption:

The Company may redeem the First Overseas Convertible Bonds early when one of the following conditions is met:

- i. The Company may redeem the First Overseas Convertible Bonds, in whole, at the early redemption amount if the closing price of the Company's common stocks on the Taiwan Stock Exchange (translated into USD based on the exchange rate on the day) reaches over 130% of the total amount of early redemption amount (defined later) multiplied by the conversion price on the day (translated into USD at the fixed exchange rate) and divided by the face value for 20 trade dates out of 30 consecutive business days during the period from the day after three years of the issuance to the maturity date.
- ii. The Company may redeem the outstanding First Overseas Convertible Bonds, in whole, at the early redemption amount if over 90% of the First Overseas Convertible Bonds have been redeemed, converted, repurchased and retired.

iii. The Company may redeem the First Overseas Convertible Bonds, in whole, at the early redemption amount if changes to the R.O.C.'s tax regulations occur after the issue date and cause the Company to bear more tax or to pay extra interest expenses or increase in costs for the First Overseas Convertible Bonds. Also, the bondholders have no right to require the Company to cover extra tax and expense for their nonparticipation of the redemption.

The early redemption amount is first translated into NTD using the fixed exchange rate, and it was then translated from NTD to USD using the exchange rate on the day for repayment (by reference to the fixing rate which was 1:28.991 at 11 a.m. quoted by Taipei Forex Inc.).

- D. On May 18, 2021, the Company issued the fourth unsecured convertible bonds (the "Fourth Convertible Bonds"), totaling \$5,000,000 at 101% of the face value. The major terms of the issuance are set forth below:
 - (a) Period: 5 years (May 18, 2021 to May 18, 2026)
 - (b) Coupon rate: 0% fixed per annum
 - (c) Principal repayment:

Except for the Fourth Convertible Bonds previously redeemed, repurchased and retired by the Company, or converted by the bondholders of the Fourth Convertible Bonds (the "bondholders"), the Company will redeem the Fourth Convertible Bonds on the maturity date at the price of the face value plus 0.0% gross yield per annum of the face value.

(d) Conversion period:

Except for the Fourth Convertible Bonds previously redeemed or repurchased, or the stop transfer period as specified in the terms of the bond indenture for the Fourth Convertible Bonds (the "bond indenture") or the laws/regulations, the bondholders have the right to ask for the conversion of the Fourth Convertible Bonds into the common stocks newly issued by the Company during the period from the date after 3 months of the issuance of the Fourth Convertible Bonds.

(e) Conversion price:

The conversion price of the Fourth Convertible Bonds is NT\$95 (in dollars), 111.76% of the reference price. The reference price refers to the closing price of the Company's common stocks on the Taiwan Stock Exchange on a prior trading day of the pricing date, which was NT\$85 (in dollars). As a result of the distribution of cash dividends, the conversion price shall be adjusted based on the formula in accordance with Article 11 of the Fourth Convertible Bonds' Regulations Governing issuance and conversion whereby the conversion price of the Fourth Convertible Bonds has been changed from NT\$95 (in dollars) to NT\$93.67 (in dollars) since August 24, 2021.

(f) Put options:

The bondholders have no right to require the Company to redeem the Fourth Convertible Bonds, in whole or in part, unless the following events occur:

Except for the Fourth Convertible Bonds previously redeemed, repurchased and retired, or converted, the bondholders have the right to require the Company to redeem the Fourth Convertible Bonds, in whole or in part, on the date three years after the issuance at the price of the face value plus 0.0% per annum of the face value as the interests (the "early redemption amount").

(g) Redemption:

The Company may redeem the Fourth Convertible Bonds early when one of the following conditions is met:

- i. The Company may redeem the Fourth Convertible Bonds, in whole, at the early redemption amount if the closing price of the Company's common shares is above than the conversion price by 30% for 30 consecutive trading days during the period from the date after 3 months of the bonds issue to 40 days before the maturity date.
- ii. The Company may redeem the Fourth Convertible Bonds, in whole, at the early redemption amount if the amount of the Company's outstanding shares is lower than the conversion price by 10% of the original total issuance amount during the period from the date after 3 months of the bonds issue to 40 days before the maturity date.
- E. As of December 31, 2021, all the First Overseas Convertible Bonds had been converted into the Company's common shares in the amount of 477,874 thousand shares, resulting in a capital surplus, additional paid-in capital arising from convertible bonds amounting to \$3,888,709.
- F. Regarding the issuance of convertible bonds, the equity conversion options were separated from the liability component in accordance with IAS 32. As of March 31, 2022, the domestic unsecured convertible bonds amounting to \$288,067 were recognised in 'capital surplus—share options'. In addition, the call options and redemption embedded in convertible bonds were not separated from their host contracts and were recognised in 'financial assets or liabilities at fair value through profit or loss' in net amount in accordance with IFRS 9 because the economic characteristics and risks of the embedded derivatives were closely related to those of the host contracts.

(18) Pension

A. (a) The Company and its domestic subsidiary-TTSC have a defined benefit pension plan in accordance with the Labor Standards Act ("the Act"), covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Act. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company and its domestic subsidiary-TTSC contribute monthly an amount equal to 15% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the

Company and its domestic subsidiary-TTSC would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company and its domestic subsidiary-TTSC will make contributions for the deficit by next March.

- (b) The employees with R.O.C. nationality of the Group's subsidiaries, EMA, EGH, GMS and EMU, adopted the Act. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement.
- (c) For the aforementioned pension plan, the Group recognised pension costs of \$69,119 and \$57,349 for the three-month periods ended March 31, 2022 and 2021, respectively.
- (d) Expected contributions to the defined benefit pension plans of the Company and its subsidiary-TTSC for the three-month periods ended March 31, 2023 amount to \$257,457.
- B. (a) Effective July 1, 2005, the Company and its domestic subsidiary-TTSC have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiary-TTSC contribute monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.
 - (b) The Group's mainland China subsidiaries have a defined contribution plan. Monthly contributions to an independent fund administered by the government in accordance with the pension regulations in the People's Republic of China (PRC) are based on certain percentage of employees' monthly salaries and wages. Other than the monthly contributions, the Group has no further obligations.
 - (c) The Group's certain overseas subsidiaries have a defined contribution plan. Monthly contributions to an independent fund in accordance with the local regulations and the pension regulations of each subsidiaries are based on certain percentage of employees' monthly salaries and wages. Other than the monthly contributions, the Group has no further obligations.
 - (d) The pension costs and expenses under defined contribution pension plans of the Group for the three-month periods ended March 31, 2022 and 2021 were \$87,598 and \$79,208, respectively.

(19) Capital stock

A. As of March 31, 2022, the Company's authorized capital was \$70,000,000, and the paid-in capital was \$52,910,491, consisting of 5,291,049 thousand shares of common stocks with a par value of NT\$10 (in dollars) per share. All proceeds from shares issued have been collected.

- B. The Company's domestic convertible bonds with a face value of \$18,800 thousands dollars had been converted into ordinary share capital of \$2,007 (201 thousand shares) with a par value of NT\$10 (in dollars) per share during the three-month period ended March 31, 2022, which resulted in 'capital surplus, additional paid-in capital arising from bond conversion' of \$17,114. All proceeds from share issuance have been collected by April 19, 2022.
- C. The Company's domestic convertible bonds with a face value of \$100 thousands dollars had been converted into ordinary share capital of \$10 (1 thousand shares) with a par value of NT\$10 (in dollars) per share during the three-month period ended March 31, 2022, which resulted in 'capital surplus, additional paid-in capital arising from bond conversion' of \$91. As of March 31, 2022, the share capital amounting to \$11 (1 thousand shares) was recognised under 'certificate of entitlement to new shares from convertible bonds' as the registration has not yet been completed.
- D. The Company's domestic convertible bonds with a face value of \$100 thousands dollars had been converted into ordinary share capital of \$10 (1 thousand shares) with a par value of NT\$10 (in dollars) per share during the year ended December 31, 2021, which resulted in 'capital surplus, additional paid-in capital arising from bond conversion' of \$90. All proceeds from share issuance have been collected by December 1, 2021.
- E. The Company bonds totaling USD 246,600 thousands dollars (face value) had been converted into \$3,928,121 of ordinary shares (392,812 thousand shares) with a par value of \$10 (in dollars) per share during the year ended December 31, 2021, which resulted in 'capital surplus, additional paid-in capital arising from bond conversion' of \$3,198,159. All proceeds from share issuance have been collected by July 23, 2021.
- F. The Company issued 85,062 thousand shares of new shares during the period from December 29, 2020 to December 31, 2020 due to the exercise of conversion options by the overseas convertible corporate bondholders. All proceeds from share issuance have been collected by February 19, 2021.
- G. On March 31, 2022, December 31, 2021 and March 31, 2021, the numbers of the Company's shares held by its associate accounted for using equity method, EITC, were 25,504, 25,254 and 25,254 thousand shares, respectively.

(20) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Law requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

A. According to the Company's Articles of Incorporation, if there is any profit for a fiscal year, the Company shall first make provision for all taxes and cover prior years' losses and then appropriate 10% of the residual amount as legal reserve. Dividends shall be proposed by the Board of Directors and resolved by the stockholders.

B. Dividend policy

In order to facilitate future expansion plans, dividends to stockholders are distributed mutually in the form of both cash and stocks with the basic principle that the ratio of cash dividends to total stock dividends shall not be lower than 10%.

C. Legal reserve

Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.

- D. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
- E. The appropriation of earnings of year 2020 that was resolved at the Company's shareholders' meeting on July 21, 2021 is as follows:

| | Year ended December 31, 2020 | | | | |
|---|------------------------------|------------|--------------|------------------|--|
| | Amount | | Div | vidend per share | |

(33) Transactions with non-controlling interest

For the three-month periods ended March 31, 2022 and 2021, the amount of cash dividends paid to non-controlling interests were \$5,566,864 and \$92,305, respectively.

(34) Business combinations

- A. On November 5, 2021, the Board of Directors of the subsidiary, EMA, resolved to make an equity transaction. EMA acquired 100% equity interests of EGJ from the other related party, EIS, and obtained control over EGJ. The transaction date was January 1, 2022 and the transaction amount was USD 15,534 (approx. \$429,597).
- B. On June 23, 2021, the Board of Directors of the subsidiary, EGH, resolved to make an equity transaction. EGH acquired 85% and 15% equity interests of UMS from the other related party, EIS, and a non-related party, respectively, and obtained control over UMS. The transaction date was July 1, 2021 and the transaction amount was USD 300 (approx. \$8,373).
- C. The following table summarises the purchase price allocation of consideration paid for the acquisition of EGJ will be completed within a year, and it is currently recognised based on the fair value of EGJ's property, plant and equipment and investment property after appraisal and the carrying amount of other identifiable net assets and liabilities at the acquisition date.

The following table summarises the consideration paid for the acquisition of UMS and the fair values of the assets acquired and liabilities assumed at the acquisition date:

| | EGJ | | UMS | |
|--|-----|-----------------|-----|--------------|
| | | January 1, 2022 | | July 1, 2021 |
| Purchase consideration | | | | |
| Cash paid | \$ | 429,597 | \$ | 8,373 |
| Fair value of the identifiable assets | | | | |
| acquired and liabilities assumed | | | | |
| Cash and cash equivalents | | 249,061 | | 328,808 |
| Current financial assets at fair value | | | | |
| through other comprehensive income | | 14 | | - |
| Notes receivable, net | | - | | 11,101 |
| Accounts receivable, net (including related | | | | |
| parties) | | 1,002,862 | | 59,394 |
| Other receivable | | 6,236 | | 128 |
| Prepayments | | 1,414 | | 4,055 |
| Other current assets | | 77,459 | | 43 |
| Property, plant and equipment, net | | 954,646 | | 10,757 |
| Right-of-use assets | | 15,541 | | 8,010 |

(2) Significant related party transactions and balances

A. Operating revenue:

| | Thre | e-month period ended | Thr | ree-month period ended |
|-----------------------|------|----------------------|-----|------------------------|
| | | March 31, 2022 | | March 31, 2021 |
| Associates | \$ | 517,086 | \$ | 527,144 |
| Other related parties | | 6,216,461 | | 4,018,307 |
| | \$ | 6,733,547 | \$ | 4,545,451 |

The business terms on which the Group transacts with related parties are of no difference from those with non-related parties.

B. Operating cost and expense:

| | Three-n | nonth period ended | Three-m | onth period ended | | | |
|-----------------------|---------|--------------------|----------------|-------------------|--|--|--|
| | M | arch 31, 2022 | March 31, 2021 | | | | |
| Associates | \$ | 1,750,523 | \$ | 1,275,510 | | | |
| Other related parties | | 3,592,973 | | 2,001,605 | | | |
| _ | \$ | 5,343,496 | \$ | 3,277,115 | | | |

Services are purchased from associates and other related parties on normal commercial terms and conditions.

C. Receivables from related parties:

| | Ma | March 31, 2022 | | ember 31, 2021 | March 31, 2021 | | |
|-----------------------|----|----------------|----|----------------|----------------|-----------|--|
| Accounts receivable: | | | | | | | |
| Associates | \$ | 72,939 | \$ | 66,457 | \$ | 57,723 | |
| Other related parties | | 2,131,438 | | 1,934,249 | | 1,217,121 | |
| Subtotal | \$ | 2,204,377 | \$ | 2,000,706 | \$ | 1,274,844 | |
| Other receivables: | | | | | | | |
| Associates | | | | | | | |
| -EVA | \$ | 478,338 | \$ | 285 | \$ | 286 | |
| -Other | | 5,584 | | 5,529 | | 2,616 | |
| Other related parties | | 88,565 | | 21,378 | | 20,354 | |
| Subtotal | \$ | 572,487 | \$ | 27,192 | \$ | 23,256 | |
| Total | \$ | 2,776,864 | \$ | 2,027,898 | \$ | 1,298,100 | |

The receivables from related parties arise mainly from sale transactions. The receivables are unsecured in nature and bear no interest. The receivables include provisions against receivables from related parties.

D. Payables to related parties:

| | March 31, 2022 | | December 31, 2021 | | March 31, 2021 | |
|-----------------------|----------------|-----------|-------------------|---------|----------------|---------|
| Accounts payable: | | | | | | |
| Associates | \$ | 135,816 | \$ | 105,026 | \$ | 100,370 |
| Other related parties | | 238,841 | | 190,843 | - | 280,715 |
| Subtotal | \$ | 374,657 | \$ | 295,869 | \$ | 381,085 |
| Other payables: | | | | | | |
| Associates | \$ | 196,852 | \$ | 5,774 | \$ | 16,118 |
| Other related parties | | 5,536,015 | | 109,375 | | 98,161 |
| Subtotal | \$ | 5,732,867 | \$ | 115,149 | \$ | 114,279 |
| Total | \$ | 6,107,524 | \$ | 411,018 | \$ | 495,364 |

The payables to related parties arise mainly from purchase transactions. The payables bear no interest.

E. Property transactions:

(a) Acquisition of property, plant and equipment:

| | Three-mo | onth period ended | Thre | ee-month period ended |
|-----------------------|----------|-------------------|------|-----------------------|
| | Mar | rch 31, 2022 | | March 31, 2021 |
| Other related parties | \$ | 529 | \$ | <u>-</u> |

The above transaction price is based on market value and mutual agreement.

(b) Disposal of property, plant and equipment:

| | _Thi | Three-months ended March 31, 2022 | | | Three-months ended March 31, 2021 | | | |
|------------|------|-----------------------------------|------------------|---------|-----------------------------------|---|---------|------------|
| | Disp | osal proceeds | Gain on disposal | | Disposal proceeds | | Gain or | n disposal |
| Associates | \$ | 1,262,520 | \$ | 138,657 | \$ | _ | \$ | - |

The above disposal price is based on market value and mutual agreement.

F. Leasing arrangements - lessee

- (a) The Group leases buildings, ships as well as loading and unloading equipment from associates and other related parties. Rental contracts are typically made for periods of 2 to 10 years, rents are paid in accordance with the contract terms.

As of March 31, 2022, the total price of the contracts amounted to USD 17,440, of which USD 13,724 remain unpaid.
- F. To meet its operational needs, the Group signed the loading and unloading equipment purchase contracts. As of March 31, 2022, the total price of the contracts, wherein the equipment has not yet been delivered, amounted to USD 245,295, of which USD 171,816 remain unpaid.
- G. To meet its operational needs, the Group signed the transportation equipment purchase contracts. As of March 31, 2022, the total price of the contracts, wherein the equipment has not yet been delivered, amounted to USD 398,442, of which USD 202,042 remain unpaid.
- H. For the Group's lease contracts which were entered into but not yet completed, as of March 31, 2022, the expected minimum lease payment in the future was \$33,115,642.
- I. As of March 31, 2022, the Group had entered into a service contract which was not belonging to lease component. The amount of future commitment payment is provided in Note 6(10).

10. <u>SIGNIFICANT DISASTER LOSS</u>

None.

11. SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

None.

12. OTHERS

(1) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders and issue new shares to maintain an optimal capital structure.

(2) <u>Financial instruments</u>

B. Financial risk management policies

- (a) The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial position and financial performance.
- (b) Risk management is carried out by the Group's Finance Department under policies approved by the Board of Directors. The Group's Finance Department identifies, evaluates and hedges financial risks in close co-operation with the Group's Operating Department. The Board of Directors provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

- i. The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the USD and CNY. Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities and net investment in foreign operations.
- ii. The Group's management has set up a policy to require group companies to manage their foreign exchange risk against their functional currency. The group companies are required to hedge their entire foreign exchange risk exposure with the Group's Finance Department. To manage their foreign exchange risk arising from future commercial transactions and recognised assets and liabilities, entities in the Group use forward foreign exchange contracts, transacted with Group's Finance Department. Foreign exchange risk arises when future commercial transactions or recognised assets or liabilities are denominated in a foreign currency that is not the entity's functional currency.

iii. The Group's businesses involve some non-functional currency operations (the Company's and certain subsidiaries' functional currency: NTD; other certain subsidiaries' functional currency: USD, EUR, CNY and others). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

| | March 31, 2022 | | | | |

- iv. The total exchange gain, including realised and unrealised arising from significant foreign exchange variation on the monetary items held by the Group for the three-month periods ended March 31, 2022 and 2021 amounted to \$359,849 and \$84,446, respectively.
- v. Analysis of foreign currency market risk arising from significant foreign exchange variation:

Price risk

EUR:USD

i. The Group is exposed to equity securities price risk because of investments held by the Group and classified on the consolidated balance sheet at fair value through other comprehensive income. The Group is not exposed to significant commodity price risk. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

1%

1.860

ii. The Group's investments in equity securities comprise domestic listed and unlisted stocks. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, equity would have increased/decreased by \$22,346 and \$17,539 for the three-month periods ended March 31, 2022 and 2021, respectively, as a result of other comprehensive income classified as equity investment at fair value through other comprehensive income.

Cash flow and fair value interest rate risk

i. The Group's interest rate risk arises from long-term borrowings. Borrowings issued at variable rates expose the Group to cash flow interest rate risk which is partially offset by cash and cash equivalents held at variable rates. Borrowings issued at fixed rates expose the Group to fair value interest rate risk. During the three-month periods ended March 31, 2022 and 2021, the Group's borrowings at variable rate were denominated in the NTD and USD.

ii. At March 31, 2022 and 2021, if interest rates on borrowings had been 1% higher/lower with all other variables held constant, post-tax profit for the three-month periods ended March 31, 2022 and 2021 would have been \$358,894 and \$801,200 lower/higher, respectively, mainly as a result of higher/lower interest expense on floating rate borrowings.

(b) Credit risk

- i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the notes receivable, accounts receivable, contract assets and financial assets at amortised cost based on the agreed terms.
- ii. The Group manages their credit risk taking into consideration the entire group's concern. According to the Group's credit policy, each local entity in the Group is responsible for managing and analysing the credit risk for each of their clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors.
- iii. The Group manages their credit risk taking into consideration the entire group's concern. For banks and financial institutions, only independently rated parties with good credit rating are accepted.
- iv. The Group adopts following assumptions under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition:

 If the contract payments were past due over 30 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.
- v. The default occurs when the contract payments are past due over 30 days.
- vi. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
 - (i) It becomes probable that the issuer will enter bankruptcy or other financial reorganisation due to their financial difficulties;
 - (ii) The disappearance of an active market for that financial asset because of financial difficulties:
 - (iii) Default or delinquency in interest or principal repayments;
 - (iv) Adverse changes in national or regional economic conditions that are expected to cause a default.
- vii. The Group classifies customers' accounts receivable and contract assets in accordance with geographic area. The Group applies the modified approach based on the loss rate methodology to estimate expected credit loss.
- viii. The Group wrote-off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, the Group will continue executing the recourse procedures to secure their rights. As of March 31, 2022, December 31, 2021

- and March 31, 2021, the Group has no written-off financial assets that are still under recourse procedures.
- ix. The Group used the forecastability to adjust historical, timely information, economic conditions of the industry, GDP forecast and trade growth rate to assess the default possibility of notes receivable, accounts receivable (including related parties), contract assets and overdue receivables. As of March 31, 2022, December 31, 2021 and March 31, 2021, the loss rate methodology is as follows:

| | Notes receivable | | |
|--------------------------|---|-------------------------------------|----------------|
| March 31, 2022 | Total book value | Expected loss rate | Loss allowance |
| Not past due | \$ 334,831 | 0% | \$ - |

| Effect of foreign exchange | | | <u>, </u> | 8) | <u>-</u> | | |
| At March 31 | \$ | | (\$ 7,69 | <u>(6)</u> | | | |

(c) Liquidity risk

i. Cash flow forecasting is performed in the operating entities of the Group and aggregated by Group's Finance Department. Group's Finance Department monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs. ii. The table below analyses the Group's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for nonderivative financial liabilities.

iii. The Group does not expect the timing of occurrence of the cash flows estimated through the maturity date analysis will be significantly earlier, nor expect the actual cash flow amount will be significantly different.

(3) Fair value estimation

- A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:
 - Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active if it meets all the following conditions: the items traded in the market are homogeneous; willing buyers and sellers can normally be found at any time; and prices are available to the public. The fair value of the Group's investment in listed stocks, beneficiary certificates and derivative instruments with quoted market prices is included in Level.
 - Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
 - Level 3: Unobservable inputs for the asset or liability.
- B. Fair value information of investment property at cost is provided in Note 6(12).

C. Financial instruments not measured at fair value

(a) Except for those listed in the table below, the carrying amounts of cash and cash equivalents, notes receivable, accounts receivable, other receivables, financial assets measured at amortised cost, financial liabilities for hedging, notes payable, accounts payable, other payables and lease liabilities are approximate to their fair values.

| | | | M | arch 31, 2022 | | |

| | \$ 1,186,822 | \$ 290 | \$ 598,430 | \$ 1,785,542 |

- (b) The methods and assumptions the Group used to measure fair value are as follows:
 - i. The instruments the Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

Listed shares

Market quoted price

Closing price

- ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques can be referred to current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date (i.e. yield curves on the Taipei Exchange, average commercial paper interest rates quoted from Reuters).
- iii. When assessing non-standard and low-complexity financial instruments, the Group adopts valuation technique that is widely used by market participants. The inputs used in the valuation method to measure these financial instruments are normally observable in the market.
- iv. The valuation of derivative financial instruments is based on valuation model widely accepted by market participants, such as present value techniques and option pricing models. Forward exchange contracts are usually valued based on the current forward exchange rate. Structured interest derivative instruments are measured by using appropriate option pricing models (i.e. Black-Scholes model) or other valuation methods, such as Monte Carlo simulation.
- v. The output of valuation model is an estimated value and the valuation technique may not be able to capture all relevant factors of the Group's financial and non-financial instruments. Therefore, the estimated value derived using valuation model is adjusted accordingly with additional inputs, for example, model risk or liquidity risk and etc. In accordance with the Group's management policies and relevant control procedures relating to the valuation models used for fair value measurement, management believes adjustment to valuation is necessary in order to reasonably represent the fair value of financial and non-financial instruments at the consolidated balance sheet. The inputs and pricing information used during valuation are carefully assessed and adjusted based on current market conditions.
- vi. The Group takes into account adjustments for credit risks to measure the fair value of financial and non-financial instruments to reflect credit risk of the counterparty and the Group's credit quality.
- E. For the three-month periods ended March 31, 2022 and 2021, there was no transfer between Level 1 and Level 2.
- F. The following chart is the movement of Level 3 for the three-month periods ended March 31, 2022 and 2021:

| | 2022 | 2021 | | |
|--------------------------------------|---------------|------|---------|--|
| At January 1 | \$ 644,841 | \$ | 526,014 | |
| Gains and losses recognised in other | | | | |
| comprehensive income (Note 1) | 46,592 | | 72,416 | |
| At March 31 | \$ 691,433 | \$ | 598,430 | |

Note 1: Recorded as unrealised gains or losses on valuation of investments in equity instruments measured at fair value through other comprehensive income and exchange differences on translating the financial statements of foreign operations.

- G. For the three-month periods ended March 31, 2022 and 2021, there was no transfer into or out from Level 3.
- H. The Group is in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.
- I. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

| | Fair value a | t | Significant | Range | |
|---|----------------|-----------------------------------|------------------------------------|--------------------|--|
| | March 31, 2022 | Valuation technique | unobservable input | (weighted average) | Relationship of inputs to fair value |
| Non-derivative equity instrument: | | | | | |
| Unlisted shares | \$ 684,661 | Market comparable companies | Price to earnings ratio multiple | 8.45~33.59 | The higher the multiple and control premium, the higher the fair value |
| | | | Price to book ratio multiple | 0.45~3.41 | The higher the multiple and control premium, the higher the fair value |
| | | | Discount for lack of marketability | 20%~30% | The higher the weighted average cost of capital and discount for lack of control, the lower the fair value |
| Venture capital shares Private equity fund investment | 6,772 | Net asset value | Not applicable | | Not applicable |

| | Fair value at December 31, 2021 | Valuation technique | Significant unobservable input | Range (weighted average) | Relationship of inputs to fair value |
|---|---------------------------------|--|---|--------------------------------|--|
| Non-derivative equity instrument: | | | | | |
| Unlisted shares | \$ 638,069 | Market comparable companies | Price to earnings ratio multiple | 7.28~40.52 | The higher the multiple and control premium, the higher the fair value |
| | | | Price to book ratio multiple | 0.50~3.38 | The higher the multiple and control premium, the higher the fair value |
| | | | Discount for lack of marketability | 20%~30% | The higher the weighted average cost of capital and discount for lack of control, the lower the fair value |
| Venture capital shares Private equity fund investment | 6,772 | Net asset value | Not applicable | | Not applicable |
| | | | | | |
| | Fair value at | | Significant | Range | |
| | Fair value at March 31, | Valuation | Significant unobservable | Range (weighted | Relationship of inputs |
| | Fair value at March 31, 2021 | | · · | Range (weighted average) | Relationship of inputs to fair value |
| Non-derivative equity instrument: | March 31, | Valuation | unobservable | (weighted | • • |
| | March 31, | Valuation | unobservable | (weighted | • • |
| instrument: | March 31, 2021 | Valuation technique Market comparable | unobservable input Price to earnings ratio | (weighted average) | The higher the multiple and control premium, |
| instrument: | March 31, 2021 | Valuation technique Market comparable | unobservable input Price to earnings ratio multiple Price to book | (weighted average) 8.85~48.90 | The higher the multiple and control premium, the higher the fair value The higher the multiple and control premium, |

J. The Group has carefully assessed the valuation models and assumptions used to measure fair value. However, use of different valuation models or assumptions may result in difference measurement. The following is the effect of profit or loss or of other comprehensive income from financial assets categorised within Level 3 if the inputs used to valuation models have changed:

| | | | March 31, 2022 | | | | | | | | | |

(4) Other

In response to the impact of Covid-19, the Group implemented several measures to control the pandemic in accordance with governments' prevention measures, including work shifts, redundancy

and enhancing employees' health management. At the same time, the Group assessed that Covid-19 did not have a significant impact on the Group's operations and ability to continue as a going concern.

13. SUPPLEMENTARY DISCLOSURES

(1) Significant transactions information

- A. Loans to others: Please refer to table 1.
- B. Provision of endorsements and guarantees to others: Please refer to table 2.
- C. Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to table 3.
- D. Acquisition or sale of the same security with the accumulated cost exceeding \$300 million or 20% of the Company's paid-in capital: None.
- E. Acquisition of real estate reaching \$300 million or 20% of paid-in capital or more: None.
- F. Disposal of real estate reaching \$300 million or 20% of paid-in capital or more: None.
- G. Purchases or sales of goods from or to related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 4.
- H. Receivables from related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 5.
- I. Trading in derivative instruments undertaken during the reporting periods: None.
- J. Significant inter-company transactions during the reporting periods: Please refer to table 6.

(2) <u>Information on investees (not including investees in Mainland China)</u>

Names, locations and other information of investee companies (not including investees in Mainland China): Please refer to table 7.

(3) Information on investments in Mainland China

- A. Basic information: Please refer to table 8.
- B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: None.

(4) Information of major shareholder

Information of major shareholder: Please refer to table 9.

14. <u>SEGMENT INFORMATION</u>

(1) General information

Management has determined the operating segments based on the reports reviewed by the chief operating decision-maker that are used to make strategic decisions.

There is no material change in the basis for formation of entities and division of segments in the Group or in the measurement basis for segment information in this period.

(2) Segment information

The segment information provided to the chief operating decision-maker for the reportable segments is as follows:

Three-month period ended March 31, 2022

| | | ansportation Department | | Other Departments | 1 | Adjustments and written-off | | | Total |
|---|----|-------------------------|-----------|-------------------|-------------|-----------------------------|-------------|----------|-------------|
| Revenue from external customers | \$ | 170,397,378 | \$ | 427,293 | \$ | - | \$ | 3 | 170,824,671 |

(3) Reconciliation for segment income (loss)

- A. Sales between segments are carried out at arm's length. The revenue from external parties reported to the chief operating decision-maker is measured in a manner consistent with that in the statement of comprehensive income.
- B. The amounts provided to the chief operating decision-maker with respect to total assets are measured in a manner consistent with that in the balance sheet.
- C. The amounts provided to the chief operating decision-maker with respect to total liabilities are measured in a manner consistent with that in the balance sheet.
- D. The amounts provided to the chief operating decision-maker with respect to segment profit (loss) are measured in a manner consistent with the income (loss) before tax from continuing operations.

Note 1: The numbers filled in for the loans provided by the Company or subsidiaries are as follows:

(1) The Company is '0'.

(2) The subsidiaries are numbered in order starting from '1'.

Note 2: Fill in the name of account in which the loans are recognised, such as receivables-related parties, current account with stockholders, prepayments, temporary payments, etc.

Note 3: Fill in the maximum outstanding balance of loans to others during the Three-month period ended March 31, 2022

Note 4: The column of Nature of loan' shall fill in 1. Business transaction' or 2. Short-term financing'.

Note 5: Fill in the amount of business transactions when nature of the loan is related to business transactions, which is the amount of business transactions occurred between the creditor and borrower in the current period.

Note 6: Fill in purpose of loan when nature of loan is for short-term financing, for example, repayment of loan, acquisition of equipment, working capital, etc.

Note 7: Fill in limit on loans granted to a single party and ceiling on total loans granted as prescribed in the creditor company's "Procedures for Provision of Loans", and state each individual party to which the loans have been provided and the calculation for ceiling on total loans granted in the footnote.

1. According to the Company's credit policy, the total amount of loans granted to a single company should not exceed 20% of the net worth stated in the latest financial statements.

PEONY: USD 2,356,565 * 28.4950 * 20% = 13,430,066

Evergreen Marine (Hong Kong) Ltd.: USD 2,839,973 * 28.4950 * 20% = 16,185,008

The Company held 100% voting shares directly and indirectly in foreign company, that the total amount of loans granted to a single company should not exceed 40% of the net worth stated in the latest financial statements.

PEONY : USD 2,356,565 * 28.4950 * 40% = 26,860,132

Everport Terminal Services Inc. : USD 139,066 * 28.4950 * 40% = 1,585,078

Evergreen Marine (Asia) Pte. Ltd. : USD 5,737,790 * 28.4950 * 40% = 65,399,325

2. According to the Company's credit policy, the total amount of loans granted should not exceed 40% of the net worth stated in the latest financial statements.

Evergreen Marine (Hong Kong) Ltd.: USD 2,839,973 * 28.4950 * 40% = 32,370,016

The Company held 100% voting shares directly and indirectly in foreign company, that the total amount of loans granted should not exceed 50% of the net worth stated in the latest financial statements.

PEONY: USD 2,356,565 * 28.4950 * 50% = 33,575,166

Everport Terminal Services Inc. : USD 139,066 * 28.4950 * 50% = 1,981,348

Evergreen Marine (Asia) Pte. Ltd. : USD 5,737,790 * 28.4950 * 50% = 81,749,156 °

Note 8: The amounts of funds to be loaned to others which have been approved by the Board of Directors of a public company in accordance with Article 14, Item 1 of the "Regulations Governing Loaning of Funds and Making of Endorsements/Guarantees by Public Companies" should be included in its published balance of loans to others at the end of the reporting period to reveal the risk adjustment. In addition, if the Board of Directors of a public company has authorized the Chairman to loan funds in instalments or in revolving within certain lines and within one year in accordance with Article 14, Item 2 of the "Regulations Governing Loaning of Funds and Making of Endorsements/Guarantees by Public Companies", the published balance of loans to others at the end of the reporting period should also include these lines of loaning approved by the Board of Directors, and these lines of loaning should not be excluded from this balance even though the loans are repaid subsequently, for taking into consideration that they could be loaned again thereafter.

Note 1: The numbers filled in for the endorsements/guarantees provided by the Company or subsidiaries are as follows:

- (1) The Company is '0'.
- (2) The subsidiaries are numbered in order starting from '1'.

Note 2: Relationship between the endorser/guarantor and the party being endorsed/guaranteed is classified into the following six categories; fill in the number of category each case belongs to:

- (1) Having business relationship.
- (2) The endorser/guarantor parent company directly and indirectly owns more than 50% voting shares of the endorsed/guaranteed company.
- (3) The endorsed/guaranteed parent company directly and indirectly owns more than 50% voting shares of the endorser/guarantor subsidiary.
- (4) The parent company directly or indirectly owns more than 90% voting shares of the companies that make endorsements/guarantees for each other.
- (5) The parent company fulfills its contractual obligations by providing mutual endorsements/guarantees for another company in the same industry or for joint builders for purposes of undertaking a construction project.
- (6) Due to joint venture, all capital contributing shareholders make endorsements/guarantees to the endorsed/guaranteed company in proportion to its ownership.
- (7) Companies in the same industry provide among themselves joint and several security for a performance guarantee of a sales contract for pre-construction homes pursuant to the Consumer Protection Act for each other.

Note 3: Fill in limit on endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantee rovided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided for a single party and ceiling of endorsements/guarantees provided for a single party and ceiling of endorsements

Guarantees", and state each individual party to which the endorsements/guarantees have been provided and the calculation for ceiling on total amount of endorsements/guarantees provided in the footnote.

The calculation is as follows:

The Company: 436,725,541 * 250% = 1,091,813,853

Limit on endorsement or guarantees provided by the Company for a single entity is \$218,362,771 (Amounting to 50% of its net worth).

(When the Company owns more than 50% voting shares of the endorsed/guaranteed company, the limit on endorsement or guarantee provided by the Company should not exceed 200% of its net worth, which equals to \$873,451,082.)

According to the credit policy of Greencompass Marine S.A., the calculation for total amount of endorsements/guarantees is as follows:

Ceiling on total amount of endorsements/guarantees: USD 1,164,165 * 28.4950 * 250% = 82,932,222

Limit on endorsements or guarantees provided for a single entity: 16,586,444 (Amounting to 50% of its net worth).

According to the credit policy of Evergreen Marine (Asia) Pte. Ltd., the calculation for total amount of endorsements/guarantees is as follows:

Ceiling on total amount of endorsements/guarantees: USD 5,737,790 * 28.4950 * 250% = 408,745,781

Limit on endorsements or guarantees provided for a single entity: 326,996,625 (Amounting to 200% of its net worth).

Note 4: Fill in the year-to-date maximum outstanding balance of endorsements/guarantees provided as of the reporting period.

Note 5: Fill in the amount approved by the Board of Directors or the chariman if the chairman has been authorised by the Board of Directors.

Note 6: Fill in the actual amount of endorsements/guarantees used by the endorsed/guaranteed company.

Note 7: Fill in 'Y' for those cases of provision of endorsements/guarantees by listed parent company to subsidiary, provision by subsidiary to listed parent company, and provision to the party in Mainland China.

Note 1: The numbers filled in for the transaction company in respect of inter-company transactions are as follows:

- (1) Parent company is '0'.
- (2) The subsidiaries are numbered in order starting from '1'.

Note 2: Relationship between transaction company and counterparty is classified into the following three categories; Fill in the number of category each case belongs to (If transactions between parent company and subsidiaries or between subsidiaries refer to the same transaction, it is not required to disclose twice. For example, if the parent company has already disclosed its transaction with a subsidiary, then the subsidiary is not required to disclose the transaction; for transactions between two subsidiaries, if one of the subsidiaries has disclosed the transaction, then the other is not required to disclose the transaction.):

- (1) Parent company to subsidiary.
- (2) Subsidiary to parent company
- (3) Subsidiary to subsidiary

Note 3: Regarding percentage of transaction amount to consolidated total operating revenues or total assets, it is computed based on period-end balance of transaction to consolidated total assets for balance sheet accounts and based on accumulated transaction amount for the period to consolidated total operating revenues for income statement accounts.

- Note 4: Terms are approximately the same as for general transactions.
- Note 5: The Company may decide to disclose or not to disclose transaction details in this table based on the Materiality Principle.

Note: This transaction was written off when the consolidated financial statements were prepared.

Note 1: Investment methods are classified into the following three categories; fill in the number of category each case belongs to:

- (1) Directly invest in a company in Mainland China.
- (2) Through investing in an existing company, Peony Investment S.A. and Evergreen Marine (Hong Kong) Ltd., in the third area, which then invested in the investee in Mainland China.
- (3) Others

Note 2: In the 'Investment income (loss) recognised by the Company for the three-month period ended March 31, 2022' column:

- (1) It should be indicated if the investee was still in the incorporation arrangements and had not yet any profit during this period.
- (2) Indicate the basis for investment income (loss) recognition in the number of one of the following three categories:
- A. The financial statements that are audited and attested by international accounting firm which has cooperative relationship with accounting firm in R.O.C.
- B. The financial statements that are audited and attested by R.O.C. parent company's CPA.
- C. Others.

Note 3: The numbers in this table are expressed in New Taiwan Dollars.

Evergreen Marine Corporation (Taiwan) Ltd. Major shareholders information Three-month period ended March 31, 2022

Table 9

| Name of major shareholders | Shares | | | |
|---|---------------------|---------------|--|--|
| Name of major shareholders | Name of shares held | Ownership (%) | | |
| Evergreen International S.A.(EIS) | 391,786,816 | 7.40% | | |
| Chang, Kuo-Hua | 159,846,157 | 3.02% | | |
| Cathy united bank is entrusted by Chang, Kuo-Hua trust property account | 159,800,000 | 3.02% | | |

- Note 1: The major shareholders information was from the data that the Company issued common shares (including treasury shares) and preference shares in dematerialised form which were registered and held by the shareholders above 5% on the last operating date of each quarter and was calculated by Taiwan Depository & Clearing Corporation. The share capital which was recorded in the financial statements may differ from the actual number of shares issued in dematerialised form because of a different calculation basis.
- Note 2: If the aforementioned data contains shares which were kept in trust by the shareholders, the data disclosed was the settlor's separate account for the fund set by the trustee.

 As for the shareholder who reports share equity as an insider whose shareholding ratio is greater than 10% in accordance with Securities and Exchange Act, the shareholding ratio includes the self-owned shares and trusted shares, at the same time, persons who have power to decide how to allocate the trust assets.

 For the information of reported share equity of insider, please refer to Market Observation Post System.
